

## 2021 Cost-Share Programs\* – Due November 15

The following incentives are being offered for 2021-2022:

1. **Strip tillage:** \$15 per acre up to 100 acres (max. payment of \$1,500/farm)
2. **Low disturbance manure injection:** \$20 per acre up to 100 acres (max. payment \$2,000/farm)
3. **Cover crops:** \$50 per acre for up to 100 acres of over-wintering crops  
\$30 per acre for up to 50 acres of nonover-wintering crops  
Deferred fall killing of alfalfa until spring (\*Requires waiting until spring to kill alfalfa (hay) in fields that will be rotated into other crops or re-seeded): \$30 per acre up to 50 acres
4. **Low disturbance deep tillage and cover crop planting:** \$55 per acre up to 50 acres
5. **Winter headland stacking (\*Requires spring/summer application):** \$8 per yard up to 500 yards
  - *Spring is defined as when the ground is no longer snow covered or frozen.*
6. **Composting manure:** \$12 per yard up to 500 yards
7. **Stacking of multiple cost-shared practices resulting in additional PI reduction vs. individual practice performance:** \$25 per acre up to 100 acres
8. **Adding grass to alfalfa (hay) seedings or seeding grass forage mixtures (alternatives to pure alfalfa stands) on highly erodible (HE) land:** \$25 per acre up to 50 acres
9. **No Till Planting into soybean stubble, cover crops or alfalfa:** \$25 per acre up to 50 acres

**\*A 590-plan documenting practice implementation is required for ALL cost-shared acres.**

**\*Final payments are dependent on available funds and participation. Payments are paid out to the maximum acreages noted above, not total acres planted in a practice (if total acres planted is greater).**
